

CMD ATTENDS THE FIRST INTERNATIONAL SEMINAR - EXOCMING 2018 AT KOLKATA

Chairman and Managing Director, Shri Utpal Bora along with other dignitaries from the mineral, mining, groundwater and hydrocarbon industries as well as the academic world, attended the inaugural session of the First International Seminar on EXPLORATION OF OIL, GAS, COAL, MINERALS AND GROUND WATER: MODERN TECHNIQUES AND APPLIANCES (EXOCMING) at Kolkata. As Chairman of the Organizing Committee, in his address, Sri Bora spoke on the relevance of the seminar in the present day scenario where the mineral, mining and hydrocarbon industries, globally, are at their crossroads. The seminar, organized by ISM Alumni Association Kolkata in association with IIT(ISM) Dhanbad and Geological Survey of India from 7 to 9th February 2018, included keynote addresses, papers and presentations not only by the worldwide alumina base of ISM but also eminent experts from Industry and Academia, both national and international. The seminar provided an opportunity to discuss all the energy and water resources in one platform and initiated interaction amongst delegates who have done notable work in their respective fields thereby immensely enhancing the knowledge bank and helping towards orienting future plans in these fields for growing India. Sri Utpal Bora, an alumnus of ISM Dhanbad, also chaired the first technical session on Energy: Oil and Gas.

During the course of the seminar, technical papers were presented by Sri Pradyut Bora, Sri Ranjit Dutta, Sri Adam Suting, Sri Subhadip Chakravorty/T.Ramprasad, Mr Safraz Nawaz, Sri Kartik Sharma and Sri S.Purohit/ SS Deb from different spheres of Oil India Limited.

A few glimpses of the Seminar.
