Date : 13.01.2020

Dear Sirs,

Sub: Amendment to Tender and Extension of Bid Closing Date
against Our Tender No. **KID3259L20/08** dated **04.12.2019**.

We invite your kind attention to our above tender and please note that The Special Terms & Condition of above tender from 1.0 to 15.0 has been modified, copy of which is enclosed herewith. All other terms & conditions of the tender will remain unchanged.

Hence, we have extended the closing date of this modified tender to 04.02.2020. Your offer should reach us at the above address positively within this date, failing which it will be construed that you are not in a position to make any offer against this amended tender.

SPECIAL TERMS AND CONDITIONS:-

1. The bidder shall be an Original Equipment Manufacturer (OEM) of the tendered item in India or authorized agent /distributor/dealer/supply house/ wholly owned subsidiary company having valid authorization certificate from Original Equipment Manufacturer (OEM) of the tendered item. The bidder shall confirm their status clearly in the offer.
2. In case the bidder is quoting as an agent /distributor/dealer/supply house/ wholly owned subsidiary company of the OEM, the bidder at the time of bidding should submit valid authorization certificate/letter issued by its Original Equipment Manufacturer (OEM), confirming the Bidders' status as their authorized agent /distributor/dealer/supply house/ wholly owned subsidiary company (as the case may be) to sell their products with proper warranty and guarantee back up. The OEM shall categorically confirm that such authorization certificate/letter shall be valid for the entire period of execution of the order.
3. The items shall be brand new, unused & of prime quality. Bidder shall warrant (in the event of an order) that the product supplied will be free from all defects & fault in material, workmanship & manufacture and shall be in full conformity with ordered specifications. This clause shall be valid for 12 months from date of receipt at site or 18 months from the date of shipment/dispatch whichever is early. The defective materials, if any, rejected by us shall be replaced by the supplier at their own expense on FOR Destination basis. Bidders must confirm the same in writing while quoting.
4. The offer shall be accompanied with the following:
 - i. Detailed cross sectional/dimensional drawing of pump and motor
 - ii. Characteristics / Performance curves of the pump.
 - iii. Pump and motor capacity calculation
 - iv. Test certificate of pump and motor for routine tests done at manufacturer's works.
5. The Bidder shall furnish every detail of pump and motor as specified in the tender.
6. The Bidder shall categorically confirm that the pump and motor shall be supplied in unitized condition.
7. The bidder shall specifically mention about the dynamic balancing of the impeller and provide necessary details thereof at the time of bidding.
8. The bidder shall confirm that foundation drawing, operation and maintenance manual will be forwarded along with each unit of the materials in the event of placement of order.
9. The bidder shall confirm that test certificate and guarantee certificate of motor and pump will be forwarded along with the materials in the event of placement of order.
10. The bidder shall confirm that Material Test Certificates of components like Casing, Impellers, Pump Shaft and diffusers etc. will be forwarded along with the materials in the event of placement of order.

11. The bidders shall note that deviation in MOC as specified in the Technical Specification will not be accepted.
12. Delivery: Bidders are to quote their best delivery period. However, the preferable delivery required against this tender is Six (6) months for all the items from the date of issue of Purchase Order. No preference/ benefit / weightage shall be given for quoting shorter delivery period.
13. The bidder must submit a written undertaking along with the technical bid that they would be able to supply all the requisite spares and consumables (including bought out items) for a period of 05 (five) years from the certified date of completion of order /successful field commissioning of the unit.
14. The Bidder must submit Technical Compliance Check List along with technical bid as per Annexure-I
15. PACKING AND PROTECTION:

Packing shall be sufficiently robust to withstand rough handling during shipment and in country journey. All items shall have their respective identification letters or numbers painted on them and they shall be suitably packed to provide ease of handling and storage and maximum protection during transport and storage period. Crates and boxes shall have a list of items contained therein secured to the exterior body by a piece of an enveloping piece of tin sheet nailed to the wood. A duplicate list shall also be included inside the crates/ boxes mentioning the contents. Sling points shall be clearly indicated on the crates.
