

## **CORRIGENDUM- III**

### **IFB NO.CDI8299P19**

This Corrigendum No - III dated 06.08.2018 to IFB No. CDI8299P19 – “**VSAT Connectivity on Rental Model for remote sites of OIL for Three Years**” is issued to notify the following:-

1. Clause No: 10 has been amended and new clause no: 19 (i) 8 has been added in SCC as below:

#### **SCC Point No: 10**

10. The Contractor has to provide necessary equipment (e.g. UPS, surge protector etc.) to safeguard from power surge/lightening etc. The Contractor has to facilitate UPS power backup for at least 2 hours to protect from power failure at each site.

Well site Electrical Power Supply is available at following Voltage levels:

1. 3 Ph, 415 V, 50 HZ AC (Without Neutral)
2. 230V, 50 HZ AC (ph-ph- Without Neutral).

However, beyond notified Hazardous Area, 230 V, 50 HZ AC (ph-N) is available at limited Areas.

Power Supply to the Electrical Equipment is fed from Power Control Room or from other suitable sources like Junction Box, TB etc depending on the location and Power requirement of the equipment.

Design, supply and commissioning of the Earthing system is in the scope of Bidder. The bidder has to design the earthing system required for the Equipment. Also Design, supply and commissioning of the Isolation Transformer (if required) should be as per requirement of the Equipment and the same is to be carried out by the Contractor.

#### **SCC Point no: 19**

##### **(i) Payment Terms:**

**8.0** Penalty and Service charge deduction calculation would be as under:

1. Deduction in Service Charge (Rental for equipment, hub bandwidth charges and backhaul bandwidth charges) for non-availability of VSAT

services affecting all locations would be made on actuals (Day wise) as per clause no: 19 (i) (4) (4) of SCC (See page 2 of Corrigendum II)

2. Penalty would comprise of

- a** – Day wise penalty for service unavailability beyond allowable 0.5% of downtime
- b** – Delay in mobilizing optional services
- c** – Delay in installation and dismantling of VSAT sites

However, the total penalty in a quarter arising out of (2a + 2b + 2c) as above would not exceed 15% of quarterly bill.

**8.1** In case certain individual VSAT locations are only affected, then deduction of service charges and levy of penalty would be calculated for the affected locations on proportionate basis.

2. Bid Closing/Bid Opening extended as per following:

Sale of Bid extended up to: 18.08.2017 [15.30 Hrs (IST)]

- (i) Bid Closing Date & Time : Extended up to 21.08.2018 [11:00 Hrs(IST)]
- (ii) Bid Opening Date & Time: Extended up to 21.08.2018 [14:00 Hrs (IST)]

All others terms and conditions of the Bid Document remain unchanged.
